POLICE NOTICE.

Descriptive Roll of prisoner Tirumala Naidu.

71

Month and date of entertainment—1st September 1871, *In what grade*—1st Class Constable, *Name*—Tirumala Naidu, *Caste*—Gentu, *Apparent age*—26, *Height*—5 Feet 6 Inches, *Measurement of Chest*—33 above nipple, 32 below nipple, *Color and particular marks*—Dark. Burnt mark on the right hand and wrist, *Previous employ*—Nil. *Qualification, reading and writing*—Can read and write Telugu, Kanarese, *Village and residence*—Pondicherry, *Father's name and occupation*—Venkatsami Naidu, *By whom recommended or urzi enquired into*—Inspector Stuart, *Remarks*—He is sharp featured, with high cheek bones and sunken eyes, and of a sickly appearance. Gait slow and swaggering and throws his toes outwards. Invariably cleared his throat before beginning a conversation; speaks a little English.

N. B.—The burnt scar on hand and wrist is very noticeable.

E. HEWETSON,
Asstt. Supt. of Police.

SEASON REPORTS FOR THE MONTH OF SEPTEMBER 1874.

Mysore District.

Rain.—The weather during the month was cloudy, and slight showers of rain fell in all the taluks of the District. The quantity gauged at Mysore was 3 inches and 56 cents. Heavy rain is much needed to fill the tanks round Mysore. The season has been so favorable that the ryots have been able to cultivate every acre of land in their holdings. In addition to lands assessed at Rs. 6,064—0—9 which have been taken up in previous months of this year, lands assessed at Rs. 1,071—15—3 were taken up in the month under report.

Crops.—Horse-gram, Bengal-gram, green and black-gram have been sown. Fine crops of jola, gidi, ragi and harka have been reaped. The crops in the Mandya and Maddur Taluks have suffered slight damage by the excessive rains, whilst those in the Gundlupet Taluk are withering from want of rain. The crops in the rest of the District are however reported to be flourishing.

Health.—The public health was not so good as in the month previous. Fevers were more prevalent. The casualties from this and other causes numbered 712.

Cattle.—The losses of cattle and sheep numbered 1,376 head.

Prices.—Prices continue stationary. 1st sort rice is sold in Mysore at 10 seers, 2nd sort at 11 seers, ragi at 27 seers, gram at 18 seers and dál at 8 seers for the rupee.

W. HILL,
Offg. Dy. Commr.

Shimoga District.

Rain.—The total fall of rain at the taluk head-quarters of the District during the month was as follows:—

| | Inches | Cents. | | Inches | Cents. |
|------------|--------|--------|------------------|-------------|--------|
| Shimoga | .. | 6 | 35 $\frac{1}{4}$ | Sorab | .. |
| Channagiri | .. | 6 | 23 | Ságár | .. |
| Honnali | .. | 3 | 50 | Nagar | .. |
| Shikarpur | .. | 2 | 50 | Kavaledurga | .. |
| Anantapur | .. | 6 | 85 | | |

Crops.—Horse-gram, ragi and castor-oil seeds were sown in the Maidan Taluks; jola and castor-oil seeds that were sown in the Honnali Taluk were reported to have been damaged in some places by rain. With the exception of arecanut, which is reported to be injured by koleroga (rot) from excess of rain, all other standing crops were in good condition in the Malnad Taluks. In the Kavaledurga Taluk the arecanut crop was being gathered.

Health.—Two hundred and sixty-nine deaths were reported from fever and cold, and other causes 197—total 466, against 549 in the month previous. Births registered were 425, against 541 of the preceding month.

Cattle.—The mortality amongst cattle was 867, of which 151 were killed by wild beasts.

Prices.—Stationary.

A. J. BRUCE,
Offg. Dy. Commr.

Kadur District.

Weather.—There was a sufficient fall of rain during the month, being partly beneficial to the growing crops, but somewhat injurious to those ripening, such as ragi, coriander, &c. The following table furnishes the readings of the thermometer and rain-fall as recorded at the Observatory at District head-quarters for this and the previous months as contrasted with the month of September last year.

| | | | | | | | |
|--------------|---------------------------|--------|---------------|-------|-------|----------|-----------|
| August—1874, | Thermometer at 9:30 A. M. | 72·24, | at 3:30 P. M. | 74·3, | Rain, | 1 inch | 99 cents. |
| September " | " | 72·11, | " | 74·11 | " | 3 inches | 66 " |
| " 1873, | " | 73·22, | " | 74·15 | " 2 " | 14½ " | |

Crops.—The state of the crops is good, but the rain-fall of this month was not useful to some crops, such as arecanut, coffee and dry crops. The supari gardens in the Koppa and Lakvalli Taluks continue to suffer from the attack of "Kolerega" and by an ill chance the crop elsewhere is reported to suffer from unseasonable falls of rain. The occurrence of two eclipses this year being ascribed as another reason for the badness of the crop. The tobacco and chilly crops in the Banavar Taluk are spoilt from the excess of rain water.

Health.—The health of the District has not been on the whole very satisfactory; fever existed in the Tarikere and Banavar Taluks, and small-pox in those of Kadur, Vastara and Chikmagalur. The total deaths from small-pox in this month amount to 12, against 11 in August, while the total number of deaths from all causes was 337, against 319 in the preceding month and 285 in September 1873.

Cattle.—The cattle in the Vastara Taluk suffer from the murrain of the "Dedjada" and "Kallvara and Bayijvara" types, while the latter prevails to some extent in the Chikmagalur and Banavar Taluks also. The loss from the attacks of wild beasts was 137, against 145 in August last. The total mortality from all causes amongst cattle amounts to 1,007, against 1,244 in last month and 2,651 in September of last year.

Was employed on the Railway.

R. B. PRETTYMAN, *Colonel,*
18th *Hessars.*

NOTICE.

The 24th August 1874.

Notice is hereby given that sealed tenders for the purchase of Collegal, Bhavani and Sathyamangalam sandalwood for three years will be received up to 2nd November 1874 by the Deputy Conservator of Forests.

2. All tenders will be opened at 12 o'clock noon, by the Deputy Conservator at his Office.
3. The undersigned reserves to himself the right to reject any or all of the tenders without assigning a reason for so doing.
4. The tender should state the average price to be given for 1st, 2nd and 3rd sorts (Jaipokal) sandalwood per kandi of 50 lbs. English, net rupees, also the price per kandi of roots and chips.
5. The usual deposit of Rs. 2,000 will be required from the party whose tender is accepted.

H. R. MORGAN, *Colonel,*
Dy. Conservator of Forests.

The Hymns of the Rig-Veda, in the Samhita and Pada Text, by Professor F. Max Müller, M. A., in two Volumes.—*Price, Rs. 24; packing and postage, Re. 1—12.*

* * * The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the Schools and Colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar, who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

Office of Superintendent, Government Printing, No. 8, Hastings Street.

In two Vols., foolscap folio.

Correspondence relating to the Famine in Bengal and Behar, from October 1873 to May 31st 1874.
